Printing to the Printers in the AUSTIN domain

**Step 1 (Note: If your computer is already in the AUSTIN domain, skip this step.)**

Start > Right click Computer > Map Network Drive

Type `\caee-labprint\connect` in the Folder field. Leave the Drive field as is

Select "Connect using different credentials"

Select "Reconnect at login" (optional)

Click Finish

Enter `austin\your_eid` and your eid password when prompted for your credentials

Click OK. An empty folder should pop up. You can close it

**Step 2**

Click Start -> Devices and Printers

Select "Add a printer" to start the Add Printer Wizard.

Select "Add a network, wireless or Bluetooth printer"

Select "The printer that I want isn't listed"

**Step 3**

Click "Select a shared printer by name"

Type `\caee-labprint\` and you should see the printer list pop-up

LRC_BW_1

LRC_BW_2

LRC_Plotter

**Step 4**

Select the printer you want and Click Next. The printer driver will load. Be patient, this may take a few minutes.

Click Next once the printer has been successfully added.
