Abstract Submission Guidelines

Abstracts body should be no more than 250 words and provide a brief summary of the proposed paper topic and results. Abstracts should include the following:

2. Authors and affiliations.
3. Abstract body (250 words).
4. Select the potential track: Data, Sensing, and Analysis; Visualization, Information Modeling and Simulation, or Education.
5. Include 3-5 keywords about your topic.

To submit an abstract for the conference, please visit the conference management system:

Abstracts should be submitted no later than October 24, 2014.

Upon notification to authors of abstract acceptance, full papers to a maximum of 8 pages must be submitted by December 8th, 2014 for peer review.

Each paper requires an individual full registration for publication.
