

Instructions for Installing FlowMaster, StormCAD, CulvertMaster & PondPack Using Bentley Student Services

Hydrology

Spring 2015

There are three steps to this process:

Contents

(1) Get a Bentley Student Server Account.....	1
(2) Download the Software.....	2
(3) Activate the Software.....	6

(1) Get a Bentley Student Server Account

Go to <http://apps.bentley.com/studentserver/home/index> and choose **Join Now**. Enter the School Code that I will provide you separately, your email address, and name.

The screenshot shows the Bentley Student Server Registration page. At the top left is the Bentley logo. Below it is a navigation bar with the text "STUDENTserver Registration". The main content area contains a registration form with the following fields:

- School Code:
- Email:
- First Name:
- Last Name:
- A CAPTCHA image showing the number "536".
- Refresh:
- Enter the words above:
- Submit:

Once you hit submit, you will be sent an email, seen below. Open the email and go to the web address in the hyperlink to verify your email address.

The hyperlink will bring you to a screen requesting you to create a password for your account. Fill in your password and select **submit**.

A screenshot of the Bentley website's password creation form. The header features the Bentley logo and a navigation bar with icons for a wind turbine, a building, and a satellite. The main heading is "Your Password". Below it, a note states: "If you are a newly registered user, you can activate your account by completing the password fields below and then saving the information. If you are already a registered user, then completing the below fields will allow you to reset your account password." The form is titled "Enter Password" and contains two input fields: "Password" and "Repeat Password". A "Submit" button is located at the bottom right of the form.

This will establish your email and password for Bentley Student Server and allow you to download the software we will be using in the course.

(2) Download the Software

Once you have entered your password and hit submit, you will be presented with a screen, pictured below, asking you to sign in using the email address and password for your account. Enter your account information and choose **submit**.

Access a World of Information

Signing up with Bentley gives you access to a wide range of information, support, learning, and project services whether you are a Bentley user, a SELECT subscriber, a student, or a professional exploring what Bentley has to offer for the first time. This includes:

- Free Software Downloads
- Free Online Training Courses
- Free Community Membership
- and more...

We encourage you to sign up and complete your Bentley profile in order to ensure you receive the most relevant and interesting information from Bentley.

SIGN IN

This will direct you to a page presenting the resources available with your Bentley account. Scroll to the bottom of the page until you see the **STUDENTserver** box pictured below.

STUDENTserver

Connect to resources for the academic community. Students and educators can access a large library of Bentley products, training, technical support, and more.

[Download Software](#) | [Review My Training Transcript](#) | [Take Online Training](#)

Select **Download Software** and you will be directed to a screen, seen below, with the software downloads that are available. We are interested in downloading hydraulics and hydrology products, so in the **Product Category** section on the left side of the screen **select the Hydraulics and Hydrology tab.**

Hydraulics and Hydrology	Bentley WaterCAD V8i	08.11.05.61	8/4/2014	375 MB
Imaging and Point Clouds	Bentley HAMMER V8i	08.11.05.61	8/4/2014	384 MB

UPDATE DOWNLOAD QUEUE

Next to the Product Name select **Bentley FlowMaster, Bentley CulvertMaster, Bentley**

PondPack V8i, and Bentley StormCAD V8i and then choose Update Download Queue on the bottom of the page. When the products are selected the dependencies or prerequisites for the programs will automatically be selected.

Note the Site Activation Key on the top of the page. This is the code that you will need to activate the programs once they have been downloaded.

The screenshot shows the Bentley software download interface. At the top right, there is a green button labeled "Download Queue: (9 items)". Below this, the page title is "Download Software" with a sub-header "YOU NEED THIS KEY TO ACTIVATE YOUR SOFTWARE". A "Site Activation Key" is displayed as "18360A90B076CE47898BE0C0A3F0BA6E".

On the left side, there is a "Product Category" list with "Hydraulics and Hydrology" selected. The main area contains a table of software products and their dependencies. The table has columns for "Product Name", "Version #", "Date", and "File Size".

Product Name	Version #	Date	File Size
Bentley FlowMaster	08.11.01.03	11/5/2009	49 MB
Bentley CulvertMaster	03.03.00.04	11/5/2009	19 MB
Dependencies			
Bentley Culvertmaster - Cumulative Patch Set for build 03.03.00.04	03.03.00.04	3/9/2012	1 MB
Bentley PondPack V8i	08.11.01.58	3/8/2012	100 MB
Dependencies			
Bentley PondPack V8i - Cumulative Patch Set for build 08.11.01.58	08.11.01.58	3/10/2014	2 MB
Bentley StormCAD V8i	08.11.04.54	6/3/2014	358 MB
Dependencies			
Prerequisites for Bentley Desktop Applications	08.11.07.08	11/1/2010	328 MB
i-model Publishing Engine for Hydraulics and Hydrology	08.11.07.04	11/24/2010	215 MB
Bentley Storm/Sewer Products - Cumulative Patch Set for build 08.11.04.54	08.11.04.54	11/14/2014	58 MB
Bentley SewerCAD V8i	08.11.04.54	6/3/2014	350 MB
Bentley SewerGEMS V8i	08.11.04.54	6/3/2014	367 MB
Bentley CivilStorm V8i	08.11.04.54	6/3/2014	361 MB
Bentley WaterGEMS V8i	08.11.05.61	8/4/2014	378 MB
Bentley WaterCAD V8i	08.11.05.61	8/4/2014	375 MB
Bentley HAMMER V8i	08.11.05.61	8/4/2014	384 MB

At the bottom of the table, there is a blue button labeled "UPDATE DOWNLOAD QUEUE".

Select the “Download Queue” button on the upper right corner of the page. This will direct you to a screen displaying the STUDENTserver Download Online Legal Terms of Use. Scroll to the bottom and accept the Terms of Use.

This will bring you to a page, seen below, that will allow you to begin downloading the software.

Beginning with FlowMaster, select “download” on the right side of the page

Advanced Download Manager

Press the button below to download more than one product at the same time. Note: requires Internet Explorer 8 or greater and an ActiveX control will be installed on your system.

Remember to record your site activation key to unlock your downloaded software.

ADVANCED DOWNLOAD MANAGER

Follow the InstallShield Wizard Prompts to install FlowMaster. When you reach the screen pictured below, **check the box “Launch the Product Activation Wizard”, and select “Finish”.**

(3) Activate the Software

The Product Activation Wizard Screen will appear. Select the “hosted (Bentley) SELECT Server”, seen below, and choose Next.

The next screen prompts you to enter the **site activation key** that is found on the “Download Queue Summary” page on the Bentley Student Server. Copy and Paste the code into the space provided, and **test connection**. **If connection is verified, choose Next.**

On the license checkout screen you do not need to enter any information, so continue by **selecting Next**.

In the “Wizard Selections” Screen, seen below **choose Finish**.

The product activation is now complete and FlowMaster is ready to be used!

Open the program by selecting the FlowMaster Shortcut, seen below, or go to **Start > All Programs > Bentley > FlowMaster, and select FlowMaster**.

Steps two and three will need to be repeated for each program, prerequisite and patch programs in the Download Queue Summary. StormCAD and PondPack are larger software packages and will take a longer time to download.
