Instructions for Installing FlowMaster & CulvertMaster Using Bentley Student Services	1
Hydrology	1
Spring 2016.....	1
(1) Get a Bentley Student Server Account	1
(2) Download the Software.....	2
(2a) FlowMaster	4
(2b) CulvertMaster	8

(1) Get a Bentley Student Server Account

Navigate to <http://apps.bentley.com/studentserver/home/index> and choose **Join Now**. Enter the School Code (will be provided separately), your email address, and name.

The screenshot shows the Bentley Student Server Registration page. At the top left is the Bentley logo. Below it is a green header bar with the text "STUDENTserver Registration". The main content area contains a registration form with the following fields: School Code (filled with "vdexeoPolDLe7q8rgEqC9Hm16FC"), Email (filled with "fagan.cassandra@gmail.com"), First Name (filled with "Cassandra"), and Last Name (filled with "Fagan"). Below these fields is a CAPTCHA image showing the number "536" and a "Refresh" link. A "Submit" button is located at the bottom right of the form.

Once you hit submit, you will be sent an email, seen below. Open the email and go to the web address in the hyperlink to verify your email address.

Bentley-IMS@bentley.com

10:51 AM

Dear Cassandra Fagan,

Thank you for your interest. To streamline future access to Bentley content and offerings, please verify your email address by clicking the following link or by copying and pasting it into your browser's address bar.

<https://ims.bentley.com/IMS/Registration/VerifyEmail?key=bQymgEmtn5vvKAHBgGHyZQ%3d%3d>

Regards,
Bentley Systems

The hyperlink will bring you to a screen requesting you to create a password for your account. Fill in your password and click **submit**.

Bentley

Your Password

If you are a newly registered user, you can activate your account by completing the password fields below and then saving the information. If you are already a registered user, then completing the below fields will allow you to reset your account password.

Enter Password

Password

Repeat Password

Submit

This will establish your email and password for Bentley Student Server and allow you to download the software we will be using in the course.

(2) Download the Software

Once you enter your password and hit submit, you will be presented with a screen, pictured below, asking you to sign in using the email address and password for your account. Enter your account information and click **submit**.

Bentley

Access a World of Information

Signing up with Bentley gives you access to a wide range of information, support, learning, and project services whether you are a Bentley user, a SELECT subscriber, a student, or a professional exploring what Bentley has to offer for the first time. This includes:

- Free Software Downloads
- Free Online Training Courses
- Free Community Membership
- and more...

SIGN IN

This will direct you to a page presenting the resources available with your Bentley account. Scroll to the bottom of the page until you see the **STUDENTserver** box pictured below.

STUDENTserver

Connect to resources for the academic community.

Students and educators can access a large library of Bentley products, training, technical support, and more.

[Download Software](#) | [Review My Training Transcript](#) | [Take Online Training](#)

Click on the **Download Software** hyperlink and you will be directed to a screen, seen below, displaying the available software. Click the **Product Line** arrow to display the categories of software produced by Bentley. We are interested in downloading hydraulics and hydrology products, so in the **Product Line** section on the left side of the screen **select the Hydraulics and Hydrology tab**, seen below.

Download Software

YOU NEED THIS KEY TO ACTIVATE YOUR SOFTWARE

The screenshot shows the Bentley Download Software interface. At the top, a grey box contains the text "YOU NEED THIS KEY TO ACTIVATE YOUR SOFTWARE". Below this, a white box with an orange border displays the "Site Activation Key: 18360A90B076CE47898BE0C0A3F0BA6E". Below the key is a search bar labeled "Search by product name" with a magnifying glass icon. On the left side, there is a "Product Line" section with a dropdown arrow, and a list of categories: "Hydraulics and Hydrology (14)" (with a green checkmark), "Brand", "Generation", "Release Type", "Language", "Deliverable Type", "Application Architecture", and "Date". A "Clear All" button is located at the bottom of this list. On the right side, three product cards are visible: "Bentley Darwin Calibrator", "Bentley Darwin Designer", and "Bentley Skelebrator". Each card includes a brief description and a "More »" link. Below each card is an "All Downloads" button.

Note the Site Activation Key on the top of the page. This is the code that you will need to activate the programs once they have been downloaded. Copy this code to the clipboard and paste it onto a file, such as in MS Word so that you can retrieve it later when you start the software up for the first time.

(2a) FlowMaster

Find the **FlowMaster** link, and click the **All Downloads** tab. There are multiple versions of **FlowMaster** available. For this course you will first need to download **Bentley FlowMaster (English) 32-bit (Version 08.11.1.03)**.

Download the software by clicking the green arrow on the right hand side of the page that corresponds to the correct product download.

FlowMaster
FlowMaster is a calculator product for the design and analysis of a wide variety of hydraulic elements, such as pressure pipes, open channels, weirs, orifices, and inlets. With FlowMaster, users can s... [More »](#)

▼ All Downloads

	Product Download	Version	Date	Size	Download
<input type="checkbox"/>	Bentley Flowmaster - Cumulative Patch Set for build 08.11.01.03 (English) 32-bit	08.11.01.03	09/03/2010	382 KB	
<input checked="" type="checkbox"/>	Bentley FlowMaster (English) 32-bit	08.11.01.03	11/05/2009	49 MB	
<input type="checkbox"/>	Bentley Flowmaster - Cumulative Patch Set for build 08.11.00.03 (English) 32-bit	08.11.00.03	09/01/2009	655 KB	
<input type="checkbox"/>	Bentley FlowMaster (English) 32-bit	08.11.00.03	08/27/2008	49 MB	

Follow the InstallShield Wizard Prompts to install FlowMaster. When you reach the screen pictured below, **check the box “Launch the Product Activation Wizard”, and select “Finish”**.

In the Product Activation Wizard window, select **Select subscriber activating against a host (Bentley) SELECT Server**, seen below, and click **Next**.

The next screen prompts you to enter the **site activation key** that is found on the “Download Products” page on the Bentley Student Server. Copy and Paste the code into the space provided, and **test connection**. **If connection is verified, choose Next**.

On the license checkout screen you do not need to enter any information. Continue by **selecting Next**.

In the “Wizard Selections” Screen, seen below **choose Finish**.

You are almost done!

Once the download has completed, navigate back to the **download software web page** and select the **Bentley FlowMaster- Cumulative Patch Set for build 08.11.1.03 (Version 08.11.1.03)**, seen below.

This is a patch to the FlowMaster Version 08.11.1.03. Download by selecting the green arrow corresponding to the patch. After you run the executable WinZip Self-Extractor window, seen below, will appear. Select **unzip**, and the patch files will be unzipped to the location on your computer where FlowMaster was installed.

FlowMaster is now ready to be used! Open the program by selecting the FlowMaster Shortcut, seen below, or go to **Start > All Programs > Bentley > FlowMaster, and select FlowMaster.**

(2b) CulvertMaster

Navigate to the **Download Software** page, and select the **All Downloads** arrow below **CulvertMaster**. Select **Bentley CulvertMaster 32-bit Version 03.03.00.04** and click the download arrow on the right side of the screen corresponding to this software. The patch should be selected, and will be automatically installed with CulvertMaster.
