

This is the approximate timeline:

12:30PM. Meet at CRWR to organize car-pooling.

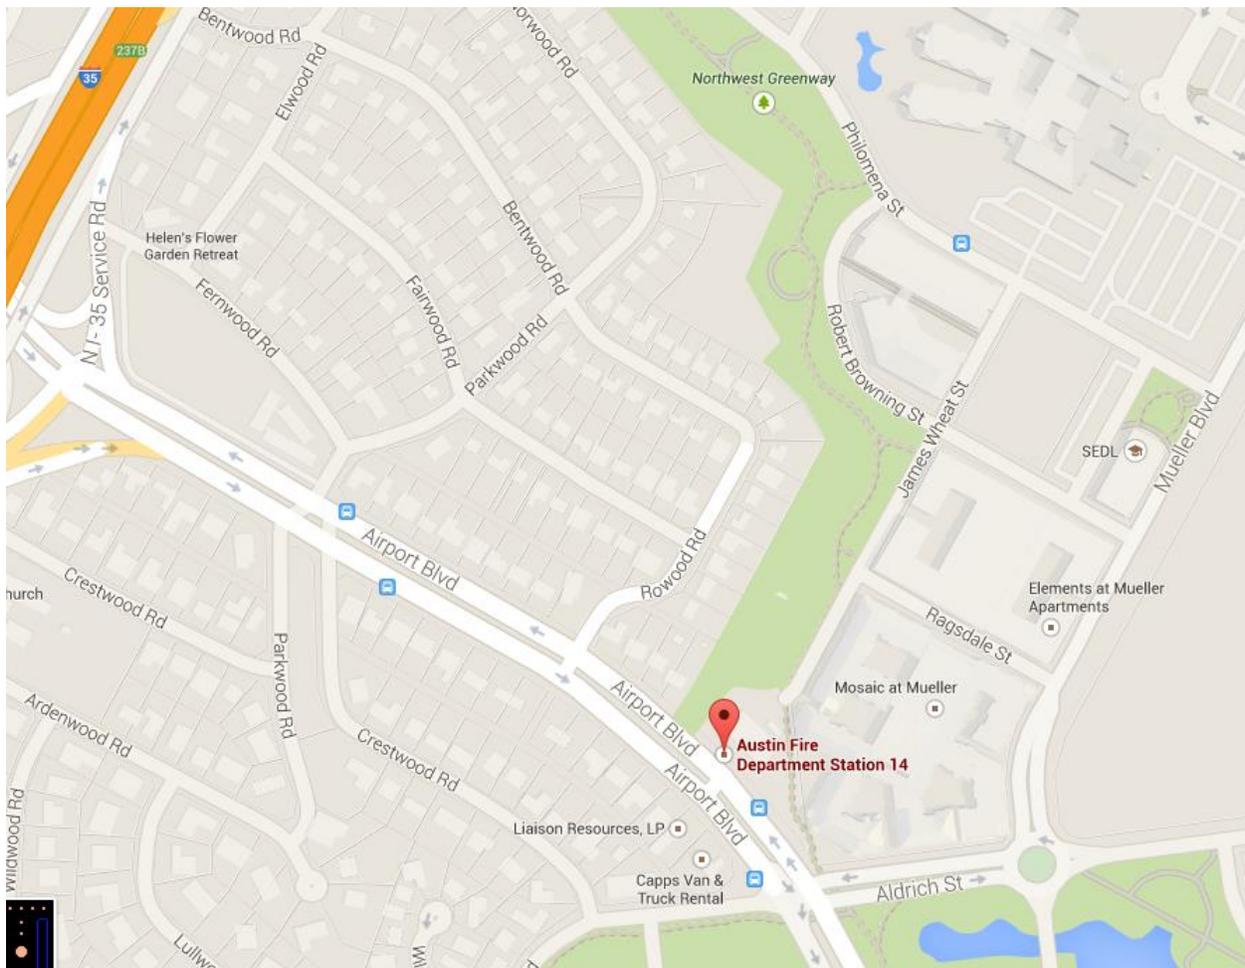

1:00 to 2:30 - AFD Special Operations Station 14 briefing

2:30 to 2:45 - Travel to STARflight

2:45 to 4:00 - STARflight briefing

Harry Evans will be at Station 14 early, so if you have any problems, don't hesitate to call him on his cell - 512-626-5531

Our first location will be Fire Station 14 at 4305 Airport Blvd. Access to the station is not from Airport but behind the station on James Wheat St. Parking for Station 14 will be on James Wheat, on the side of the street that is designated "FIRE DEPARTMENT PARKING".

When we've finished at Station 14, we'll drive to the STARflight hanger, which is located at 7800 Old Manor Road. There is also limited surface parking there, but you can park on the shoulder, in the grass and walk to the facility. Fire Station 14 is located at the lower left of the map below to give you some orientation.
